

THE LAUNCH OF THE LEVANT HOME OF FINTECH

StartechEUS = **Start-up Technology EU-US**

Beirut, Lebanon - May 2019

StartechEUS FinHub will accelerate a select number of FinTech companies with substantial seed funding of USD100k up to 2M series A tickets per company. StartechEUS is led by successful serial-entrepreneurs and financial and technology experts with an extensive international track record.

Beirut Digital District, 01. May 2019 – Today, **StartechEUS** announces the launch of the Levant’s first home of FinTech: **StartechEUS FinHub**. With offices in Beirut-Lebanon at Beirut Digital District, StartechEUS is a state of the art Fintech Hub that builds companies (focused on starting and sustaining efforts to deliver innovative solutions to the global finance communities) from the concept stage, while assisting and mentoring throughout their entire life cycle, leading to a successful exit in international commercialization.

“We believe that industry focus is central to achieving the best results. We will be operating at the intersection of Innovative Technology and Financial Services with a vision to empower the digital, artificial intelligence and blockchain fields.” says Alexandre Jihad Harkous, Managing Partner of StartechEUS

StartechEUS 4 PILLARS:

StartechEUS is a **one-stop-shop** for entrepreneurs providing them with funding, state-of-the-art Fintech office space, relevant trainings delivered by domain experts through **StartechEUS Technology Academy**, market research studies and market access to EU & USA, continuous support, management and mentorship. This unique differentiator is achieved through our partnership with **Lebanese International Finance Executives (LIFE)**, which boasts over 1000 worldwide members and senior leadership in every area of finance

1- STARTECHEUS FINHUB: *"Entrepreneurs all-in-one environment"*

StartechEUS FinHub is the value creation engine within StartechEUS. We provide the insight, connections and diligence needed to unlock and accelerate value for our portfolio companies and partners.

2- STARTECHEUS TECHNOLOGY ACADEMY: *"Best practices and know how training Academy"*

We provide our entrepreneurs with up-to-date focused training sessions from industry experts, corporate leaders, and academic partners in order to transfer some of the best practices, tools, and resources available out there for our startups to develop and scale in such a competitive global market.

"Through leveraging our Tech experience and knowledge together with the support and contribution of our partners, we aim to provide our entrepreneurs with selective focused trainings that match their needs and strengthen their technical skills so that they can transform their innovative ideas into reality." says Nizar Ajeeb, Chief Technology Officer of StartechEUS.

3- STARTECHEUS FINNOVATION FUND:

We invest both directly and indirectly in our start-ups, nurture and monitor our portfolio companies and create value to our LPs Private and institutional Funding capacity.

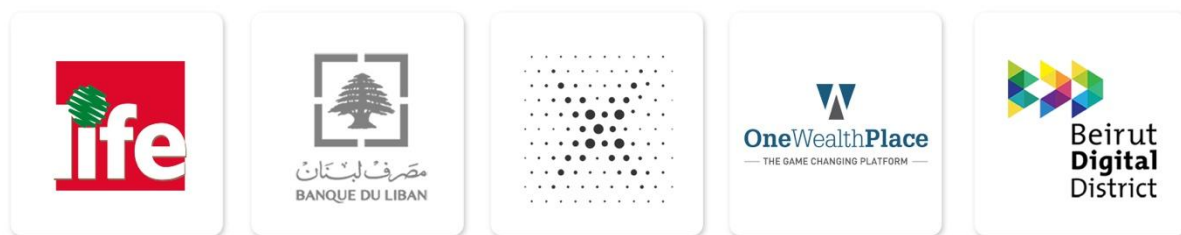

"Through our unparalleled pipeline sourcing capabilities and due diligence screening, we aim at selecting the best in class disruptive fintech players to invest in and help in achieving returns, as well as co-investing alongside some of the top fintech VC names in the world" says Karl Naïm, Chief Investment Officer & Partner of StartechEUS

4- STARTECHEUS GOVERNANCE MANAGEMENT:

StartechEUS's Governance Management has vast experience and diverse skills in digital entrepreneurship, the financial services industry, venture capital and management consulting. With curiosity, we evaluate innovative fintech business models and develop these ideas into successful companies that have a real impact.

We break down barriers to entrepreneurship globally

Our activity is enabled by our **strategic partnerships** with innovators and influencers in the financial services industry. We work closely with them to build, buy and back technology that aligns to what we and our partners perceive as value generating.

StartechEUS will allow to create an **All-In-One successful and very Innovative new Ecosystem.**

StartechEUS - *Think Bigger, Go Global.*
